You could live in no spot in all the world with more exotic charm than at Mandalay.

Mandalay is an island part of the progressive county-seat-city of Clearwater, Florida, with which it is linked by a new million-dollar free causeway thus establishing a "main-street" connection of but a few minutes from the central business section of the mainland.

Mandalay has one of the finest gulf-front salt water bathing beaches in Florida. It extends for miles along the Gulf of Mexico. It also has a frontage on beautiful Clearwater Bay where the finest of fishing, boating and yachting is available.

Gulf and bay breezes temper the summers and make them delightfully cool, while the warm gulf stream sweeping within a few miles of the shore and the matchless Florida climate make the winters equitably warm and delightful for outdoor recreation.

J.B.M. 1926-7-16

INTRODUCTION

R. L. Polk & Co. herewith present to its patrons the 1926 edition of their Clearwater and Pinellas County Directory. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipalities and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

The statistical review which follows this Introduction, clearly, visualizes Clearwater in its more notable aspects.

The several essential departments of the volume are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 14 to 24, includes data concerning state, city and county officials, public and private institutions, banks, cemeteries, churches, clubs, courts, asylums and homes, libraries, schools, postoffice, secret and benevolent societies, etc.

THE BUYERS' GUIDE occupies pages 25 to 61. This section of the Directory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of Clearwater. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A similar section for Tarpon Springs is included.

THE ALPHABETICAL LIST OF NAMES commencing at page 65 contains the names of all business firms and corporations, and the inhabitants of Clearwater over a certain age, together with the occupations and address of each individual. Following this will be found directories of Belleair, Crystal Beach, Dunedin, Indian Rocks, Largo, Ozona, Palm Harbor, Safety Harbor, Tampa Shores, Wall Springs, Tarpon Springs and New Port Richey.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS extends from page 239 to 275.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 349 to 420, and shows the various manufacturing, mercantile and professional occupations in the county, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory. The Directory is the common intermediary between buyer and seller.

CLEARWATER

THE BEAUTIFUL JUDICIAL SEAT OF "PEERLESS PINELLAS"

"It's Springtime All The Time in Clearwater"

Clearwater is the judicial seat of Pinellas County in which are located St. Petersburg of tourist fame, Belleair of golf fame, Tarpon Springs (the largest sponge market in the world and the only sponge exchange in the United States), Crystal Beach, Dunedin, Indian Rocks, Largo, Ozona, Palm Harbor, Safety Harbor, Tampa Shores, Tarpon Springs, Wall Springs and New Port Richey, all Progressive, beautiful and attractive communities which are growing marvelously.

A network of fine paved highways connects all of these places. Clearwater is 18 miles north of St. Petersburg, Tampa is 30 miles east and Jacksonville 212 north, all connected with Clearwater by brick highways. Clearwater is a truly progressive, year-round resident and business city and one of the most popular tourist cities in the state. Here the ocean breezes have an unobstructed sweep over the mainland, furnishing a pleasant obligato to life, both by night and by day.

Two main trunk lines, the Seaboard Air Line and the Atlantic Coast Line, provide through train and pullman accommodations from all points in the north, east and west, without change or other inconveniences. The "Suwannee River Special," on the Seaboard and the "Pinellas Special," on the Atlantic Coast Line, are popular, well-known solid pullman trains operated directly to Clearwater from Chicago, Detroit, Toledo, Cleveland, Columbus, Cincinnati, Pittsburgh, Buffalo, Philadelphia, Boston, New York and all intermediate points, without change. From the Icy North to the Land of Sunshine without leaving your car.

A modern system of large passenger buses makes its headquarters at Clearwater, operating to and from Tampa, St. Petersburg, Tarpon Springs, Belleair, Lakeland, Orlando and on across the State to all points on the Florida East Coast.

Clearwater is a city of many streets and of considerable space. The reason of this is the fact that nearly all home are surrounded by spacious grounds or by remnants of orange groves, memories of a past when Florida was not yet invaded by the railroads, or discovered by the Winter Tourist.

It is a most striking contrast that meets your eye when you turn from the business street of the town to the residential sections. While the former present an uninterrupted scene of busy pedestrians crowding the sidewalks and automobiles en masse by the curbs or gliding

over the asphalt, the latter are smothered in foliage and flowers. Most impressive are the magnificent, gnarled old oaks covered with Spanish moss and the stately palms with fern-like heads, and on every turn you are confronted with a burst of color, ever changing and wonderful to behold.

Clearwater's beautiful Tourist Park is located on the highest elevation of the Florida coast, overlooking the Gulf of Mexico, and has been truthfully called "The Tourist's Paradise." Almost every form of outdoor recreation is available—roque, lawn bowling, horseshoes, tennis, checkers, chess, etc. Then there are swings and slides for the children and an abundance of shady seats for relaxation and rest. The Community House with spacious porch is unusually attractive and comfortable and most appealing to the ladies. A diversified form of musical entertainment is provided every afternoon and evening by means of a modern radio receiving outfit with a gigantic amplifier. One may sit here in this comfortable spot and hear musical concerts, lectures, market reports and the latest news gathered from the four corners of the country.

In the semi-tropical waters of Clearwater Bay and the Gulf of Mexico are found in abundance not only the wonderfully game silver tarpon, ranging in weight from 50 to 200 pounds, and the equally game kingfish, but the sea bass, weighing from 50 to 600 pounds, the grouper, sea trout, snapper, channel bass, deep-sea bass, devil-fish and jewfish and the delicately-flavored pompano and Spanish mackerel. Our fresh water streams and lakes of awe-inspiring beauty abound in many varieties of fresh water fish principal among which is the big mouth bass. To fish in the bay and gulf and in the fresh water streams and lakes is a distinct delight to Clearwater's throng of winter visitors. It is not merely a pastime but a thrilling sport in every sense of the word.

Three modern golf courses are located in Clearwater and on Clearwater Bay, and five other courses within an hour's motor drive of the city. The 18-hole course of the Clearwater Country Club is one of the sportiest in the country, and moderate fees are charged our tourists, who are finding this course more popular each season. A magnificent club house, with artistic furnishings, and commodious showers and locker rooms for both ladies and gentlemen, is available to visiting golfers. The grass greens are commodious and scientifically designed and located. The fairways, just narrow enough to be interesting, stretch over rolling territory and natural hazards. It is a Herbert Strong layout. The two 18-hole courses at the Belleview-Biltmore Hotel, constructed under the direction of Donald J. Ross, have been famous for years and are the scenes each winter of the West Coast Open

Championship for the Plant Trophy, attracting the leading golfers of the country, and won last year by Walter Hagen, winner of many championships.

Clearwater Bay is a land-locked harbor at the foot of the highest elevation of any Florida coast resort. The City Tourist Park and many imposing homes overlook this beautiful body of water, beyond which, separated by the keys, lies the Gulf of Mexico stretching to the distant horizon.

Clearwater Beach is second to none in the country, and surf-bathing is enjoyed at this most popular watering place every month in the year. This gracefully curving coastline and gradually sloping beach forms the gulf side of the keys separating Clearwater Bay and the Gulf of Mexico, and it is but a five minutes drive from the heart of the city over a modern traffic bridge. A dip in the salt waters of the gulf is a real tonic—pleasant and healthful. The balmy breezes from the Gulf make life more enjoyable—winter and summer. Considering the geographical location of Florida, it is of interest to note that the average distance of Florida is more than 400 miles south of the southern boundary of California, and that Naples, Italy, in latitude 41 is 640 miles north of the northern boundary of Florida.

Clearwater Bay and the adjacent Gulf are the scenes of all popular forms of water sport, particularly yacht and motor-boat races.

Many interesting meets are held under the auspices of the Clearwater Yacht Club, and aspirant seekers of elaborate trophies should enter these interesting events, particularly the annual midwinter regatta.

No more enticing picture can be offered than the flying spray of a speed craft, battling for honors, witnessed under excellent weather conditions in midwinter. To realize this scene, one must only come to Clearwater.

Various beautiful shades of green and blue coat the waters of the bay and gulf during the continuous days of sunshine through the winter months.

A view of the bay and gulf may also be had from the business section and from practically every hotel in Clearwater. The main highway leading from Tampa to St. Petersburg is located within sight of these delightfully attractive sea expanses on its way through the heart of Clearwater.

If the Sun shines in Florida, it shines in Clearwater and on Clearwater Bay.

Clearwater's seven packing houses ship strawberries, figs, grapes, guavas, kumquats, limes, lemons and all varieties of vegetables. Tomatoes, cucumbers, potatoes, peas, beans, lettuce, corn, sugar beets, cabbage and many other varieties are grown profitably the year round in the fertile soil of Pinellas County.

Clearwater and Pinellas County have led for years in the production of grapefruit and the finest groves in the land are located just outside the city limits. Modern fruit packing houses where the fruit is prepared and packed for shipment, do a thriving business in Clearwater, and there are twenty within motor-truck hauling distance. Over a million boxes of grapefruit and oranges are shipped out of Pinellas County each year, which bring into the country approximately four millions of dollars.

There are three banks and trust companies in Clearwater with a capital of \$420,000, surplus and profits \$405,000 and deposits of \$7,826,000. Two newspapers are published, both daily, The Herald and Sun.

The Clearwater Motor Club is an American Automobile Association organization, where complete touring information is available. You can be routed over splendid highways to and from the North direct from and to Clearwater. Other thriving clubs and fraternal organizations are the Yacht Club, Tourist Club, Masonic Order, Shrine Club, Chapter. Knights of Pythias, Improved Order of Odd Fellows, Young Women's Christian Association, Boy Scouts, Girl Scouts, Woman's Club, Woman's Christian Temperance Union, Eastern Star, Rebeccas, American Legion, Gun Club, County Club and Realtors' Association. All welcome visiting members.

CLEARWATER CHAMBER OF COMMERCE

The Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interest of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

MUNICIPAL PUBLICITY

Advertising Clearwater and Pinellas County

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Clearwater and Pinellas County, for business men the country over realize that the City Directory represents the community, as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

CLASSIFIED BUYERS' GUIDE

of the City of

CLEARWATER

FLORIDA

1926-27

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business. The habit of using these Classified Lists will save the buyer large sums of money. It is the modern and up-to-date method of finding what you want and who sells it.

CLASSIFIED BUYERS' GUIDE

of the City of

CLEARWATER

FLORIDA

1926-27

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business. The habit of using these Classified Lists will save the buyer large sums of money. It is the modern and up-to-date method of finding what you want and who sells it.

Of the Information in the DIRECTORY of a city or town changes each year. Did you know this? For this reason is it not money saved to have the latest information handy? The only way to do is to have the

LATEST CITY DIRECTORY

ESTABLISHED

1895

Polk's Bankers Encyclopedia

The Bank Directory of the World used by Bank Executives, Credit Men, Manufacturers and Merchants as the logical reference medium on financial matters.

PUBLISHED IN MARCH AND SEPTEMBER

\$15.00 Per Volume

BANKERS ENCYCLOPEDIA CO.

431 HOWARD ST., DETROIT, MICH.

524-528 BROADWAY, NEW YORK

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

BELLEAIR ESTATES

Greater Clearwater's Master Development

Offers homeseeker or investor a rare alloy of the fundamentals that make for growth and value.

Beauty, Convenience, Location, Improvements, and Healthfulness are factors that will be found at this picturesque property in superlative degree.

Nowhere in all Florida will you find an area that measures up in all the fundamentals, nowhere in America will you find a property that surpasses.

Values are increasing rapidly because improvements are in and building activity is at its height.

REALTOR

(Like "Sterling" on Silver)

"A REALTOR is a real estate broker who is a member of a local Board, having membership in the National Association of Real Estate Boards, an organization, incorporated in 1908 for the advancement of the interests of real estate brokers and the protection of the Public from unprincipled agents or brokers."

The Greater Clearwater Real Estate Board embraces in its membership, besides real estate brokers and agents, appraisers and mortgage brokers, the following: property owners, builders, architects, real estate operators, lawyers, banks and trust companies, business corporations, and all persons having at heart the advancement of this Community's interests. Its services cover not merely the buying and selling of real estate, but are extended to any project that means "Better Homes" and better living conditions in

"The Springtime City"

When in need of an authentic Appraisal, the seasoned opinion of men trained and experienced in value determination, the Greater Clearwater Real Estate Board is prepared to serve you and will deliver its appraisal in certificate form over the signatures of the appraisers and Board Officers.

The fees are—Minimum fee, \$25.00.

For first \$100,000 of appraisal value, \$1.00 per \$1,000.

For appraisal value in excess of \$100,000, 50c per \$1,000.

INTRODUCTION

The 1926 or initial edition of R. L. Polk & Co.'s Tarpon Springs and Pinellas County Directory is herewith presented to patrons. The publishers feel assured that the work affords a complete and comprehensive epitome of the diversified interests and activities of the city and county—civic, social, commercial and industrial, and that the Directory is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

The statistical review following this Introduction, touching, as it does, every phase of Tarpon Springs' commercial, financial, industrial and social life, are eloquent as visualizing the importance of the municipality in those particulars.

The Directory is compiled in several essential departments as follows:

THE MISCELLANEOUS DEPARTMENT, pages 11 to 16, contains information relating to city government, banks, churches, libraries, newspapers, public buildings, post office, U. S. officials, secret organizations, descriptive street and avenue guide, etc.

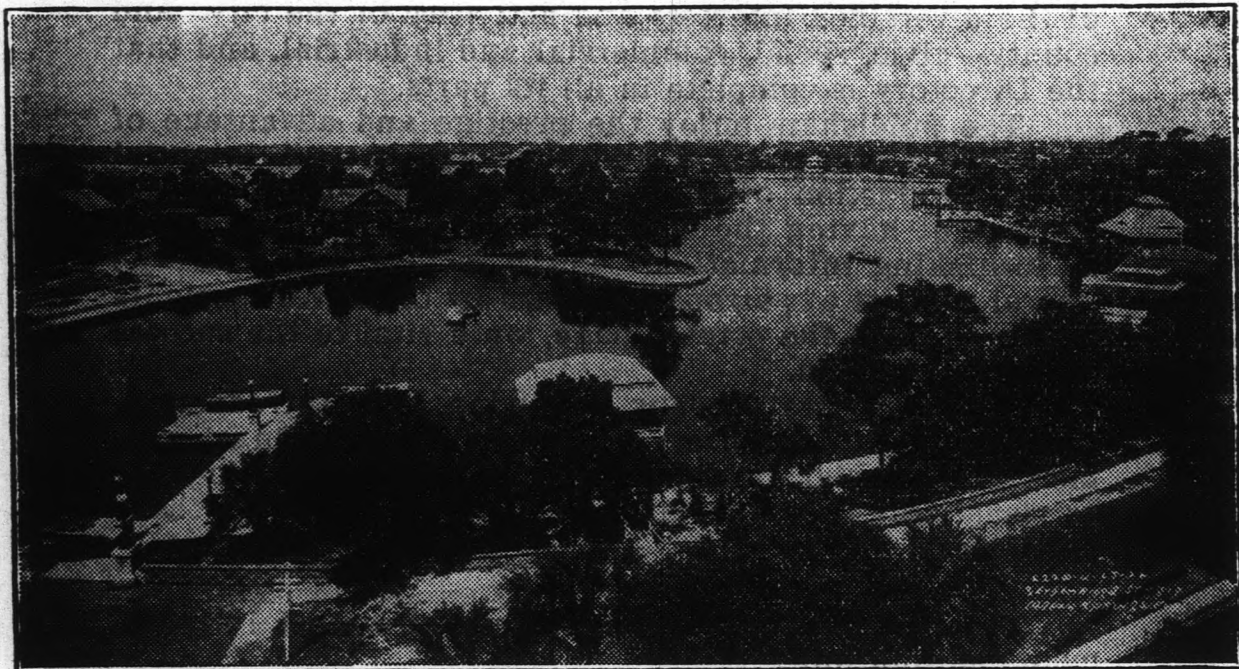

THE BUYERS' GUIDE, covers pages 17 to 38, and contains the advertisements of enterprising and progressive business and professional men and concerns arranged by appropriate headings indicating the class of business—this department is printed on tinted paper; a similar section for Clearwater is included.

THE ALPHABETICAL LIST OF NAMES OF CITIZENS, business firms and corporations in Tarpon Springs is included in pages 41 to 401. Following above list will be found directories of Clearwater, Belleair, Crystal Beach, Dunedin, Largo, Ozona, Palm Harbor, Safety Harbor, Tampa Shores, Wall Springs and New Port Richey.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 105 to 136, and shows the various manufacturing, mercantile and professional occupations in the county, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory. The Directory is the common intermediary between buyer and seller.

TARPON SPRINGS

"The Venice of the South"

Spring Bayou, called "the most beautiful spot of water on earth," in the heart of Tarpon Springs

A unique and charming city unrivalled for its fifty miles of navigable waterways in the heart of the city, located on the Gulf of Mexico and at the entrance to Pinellas County. It is here that physical development has enhanced the city's natural beauty.

Tarpon Springs, known for more than twenty-five years as "The Venice of the South," has been endowed by nature with a labyrinth of navigable waterways which are within or border the city limits, giving Tarpon Springs an existent Venetian setting and affording a network of more than fifty miles of waterfronts.

Tarpon Springs is the uppermost city on the Peninsular, Pinellas county, termed in itself as "Little Florida." This city is only forty minutes from Tampa or St. Petersburg on excellent paved roads. Within a radius of forty minutes' drive, a population of over 250,000 is to be found in the surrounding territories.

While in the heart of the city are numerous cement-walled bayous, bays, lagoons and canals, its city limits are bordered on the east by the eight-mile Lake Butler, one of the finest fresh water lakes in the state; on the north by the romantic and unique Anclote river, listed as a national attraction in See America First; and on the west by the opalescent Gulf of Mexico. And so it is

realized that the soubriquet, "The Venice of the South,"—so freely used everywhere—is truly merited at Tarpon Springs.

Surrounding and near this extensive array of marvellous waterways are beautiful wooded hills upon and among which Tarpon Springs is built. This rare combination of hills, seashore, lakeshore, riverfront, and network of navigable waterways gives the city a distinction shared by few, if any, other places in the country.

The municipality has just completed a system of 29 miles of paved streets in addition to 9 miles put in by Pinellas county and the former 16 miles within the city. Plans are being formulated which will give the city double the present total of 54 miles of paved streets within another year. An extensive water plant is rapidly being completed and will be in operation October, 1926. This new waterworks will have a daily capacity of 2,000,000 gallons daily and will give Tarpon Springs an abundance of pure, filtered water drawn from the spring-fed Lake Butler, equal to any in the country. The plant and water main extensions are being placed in the city for a cost totaling \$500,000.00. The present 9-hole municipal golf course is being enlarged to an 18-hole course. The St. Louis Brown's baseball park has been completed. A recent bond issue has provided for the construction of a municipal pier and beach which will be constructed by fall, 1926. Other plans for the coming year include additional parks and children's playgrounds, white way systems, sewers, sidewalks and streets.

The Tarpon Springs schools are rated among the best in the state. A new \$150,000.00 high school is under construction and will be ready for fall, 1926. In 1920, 300 students were enrolled and twelve teachers employed. This year more than 800 students are enrolled with 27 teachers to instruct them. Splendid buildings, modern equipment and large comfortable playgrounds contribute to the progress of the schools here.

Two newly completed churches, another new one planned this year, and several other churches represent nearly all denominations. The buildings are modern in every respect.

The public library has an exceptionally large collection of books and periodicals.

The banking institutions of the city show a remarkable growth. The bank resources for 1923 were \$928,213.-34, for 1924 were \$1,118,438.67, while for 1925 they totaled \$2,774,394.56. Deposits for 1920 totaled \$460,488.54, while in 1925 they aggregated \$2,437,306.10, over 500 per cent increase in five years.

Tarpon Springs is unusually fortunate in having its variety of public utilities. Bus service to all parts of the state, excellent railway systems, electric light and power,

Western Union and Postal Telegraph, telephone, two ice plants, water, express and freight.

Tarpon Springs has excellent hotel accommodations. The Tarpon Inn is one of the most popular tourist hotels in the state. It is located on the shore of the famous Spring Bayou. The Stratford Hotel, too, is another popular tourist hotel with modern conveniences. The recently completed Arcade Hotel is the leading European plan hostelry in the city located in the heart of the business section. The Plumosa Villa is a very beautiful family hotel. The list of hotels include The Ferns, The Meres, The Homelyke Inn and the Homeworth Inn. Plans are being formulated for a million dollar tourist hotel and a quarter of a million dollar commercial hotel for the coming year.

Numerous civic organizations are actively engaged in promoting the city's welfare and in providing social, fraternal and business programs. The Tarpon Springs Chamber of Commerce is comprised of a membership of a majority of the business firms and men of the city and the civic leaders of the community. The advertising of the Chamber of Commerce is making Tarpon Springs known throughout the country. The Civitan Club is another business organization with numerous members of liveliest men of the city, working and co-operating in the work of building a bigger and better city. The Tourist Club, composed of several hundred winter residents, and the Women's Civic Club, through their delightful club quarters provide many entertainments and social assemblies. Other organizations include the American Legion and Auxiliary, the Y. W. C. A., the Boy Scouts, the Parent-Teachers Association, as well as many fraternal societies.

Practically every conceivable form of recreation is within easy reach of Tarpon Springs' citizens. Golf may be played on the 18-hole municipal golf course, located within a few hundred yards of the business center, or on the Sunset Hills Country Club course of 18 holes. Excellent natural hazards, fine grass greens and fairways, and refreshing breezes from the Gulf are to be found on them. Surf and salt water swimming may be had in the glistening waters of the opalescent Gulf; and fresh water bathing may be had in the Wall Springs swimming pool of lithia water or the Horneker Springs. Tennis courts are available for the exciting pleasures of this sport, as are horseshoe pitching courts. Fishing in fresh or salt water, abounding in many varieties of the finny tribe, makes Tarpon Springs a favorite among anglers. No better system of waterways can be found anywhere for boating. Over 50 miles of waterfronts surround the beautiful waterways where one can enjoy the pleasures of canoeing, the adventures of sailing, the thrills of speed boating or the leisurely life of yachting.

Tarpon Springs commands commercial recognition, inasmuch as its industries bring in a cash revenue of millions, which makes it the leading industrial city of Pinellas county, if not the largest in the State of Florida according to its size.

The sponge market here is the largest in the world, while the sponge exchange is the only one in existence, its enterprising fleet accounting for over a million dollar revenue yearly. And yet sponge fishing brought in only half of the returns distributed within the city last year. The total gained through industries last year was \$2,383,-392.00. The following activities and their amounts are: Sponge industry, \$1,401,793; wholesale fishing, \$183,149; guano, \$43,500; boat building, \$78,960; lumber manufacturing, \$443,782; bottling, \$28,000; electric power production and ice, \$108,592; printing, \$39,906; sheet metal, \$25,570, and concrete manufacturing \$30,140. These industries increased their production and revenue over 1924 by a large sum and activities of the first quarter of 1926 indicate an even greater year.

Augmenting the security created by this industry, around and adjacent to Tarpon Springs is a rich back country. Here the lands are abounding in extensive citrus groves and prolific truck farms which embrace much of the most productive soil in the state.

THE TARPON SPRINGS CHAMBER OF COMMERCE

The Tarpon Springs Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

MUNICIPAL PUBLICITY

Advertising Tarpon Springs and Pinellas County

An important function of the Directory is to set forth the characteristics and advantages of a community as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in it in the above respects. In order to spread this information regarding it broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Tarpon Springs and Pinellas County, for business men the country over realize that the Directory represents the community as it really is.

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.

141

POLK'S NEW PORT RICHEY CITY DIRECTORY 1926-27

Population, 2000. On the T. & G. C. Ry. and Gulf of Mexico, in Pasco County, 30 miles southwest of Dade City, the judicial seat and 150 from Jacksonville. Originating as a winter tourist colony, the city has expanded into an agricultural, commercial and industrial center. It is an incorporated city with mayor and council. Has all modern improvements, paved streets, sanitay sewers, pure water, excellent fire and police protection, electric lights with "White Way," ice plant, high school, grammar school, public library, building and loan association, 3 hotels, 10 miles river frontage, 15 miles gulf frontage, largest stage and theatre north of Clearwater, a bank (with deposits of \$1,000,000), a weekly newspaper, a bus line, 5 churches, 2 club houses, an active Chamber of Commerce and 45 business houses. Assessed value over \$3,000,000, building permits 1925 \$5,000,000, increase in postal receipts 102 per cent, unexcelled boating, fishing and bathing facilities. Telegraph, telephone and express connection. G. M. De Vries postmaster.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
